

Centre for Vibration Analysis and Condition Monitoring (CVCM) Course Calander

Condition Monitoring Courses	JAN	FEB	MAR	APR	MAY	JUN	JUL	AUG	SEP	OCT	NOV	DEC
Vibration Analysis Level I	3-5											
Vibration Analysis Level II		7-10									14-17	
Vibration Analysis Level III			14-18									
Machine Condition Monitoring Techniques				11-13								19-21
Bearing Fault Diagnostics					16-18							
Infrared Thermography Level I						20-21						
Experimental Modal Analysis							25-27					
Dynamic Field Balancing								22-23				
Laser Alignment									19-20			
Motor Current Signature Analysis										24-25
