► PEC UN-SDGS ADOPTION CEREMONY

On 1st November 2022, Pakistan Engineering Council held the SDGs launching ceremony at PEC HQ, chaired by PEC Chairman Engr. Najeeb Haroon. Chairman PEC, welcomed the principal guest as well as all of the participants and stakeholders from various fields and sectors. As PEC is the hub for engineers and experts, he placed special emphasis on technical solutions to achieve SDGs. The principal guest Ms. Romina Khurshid Alam (Special Assistant to the Prime Minister) on this occasion appreciated PEC initiative to accept the SDGs and underlined the creation of a working plan with PEC that would be used to implement the SDGs with engineering solutions. She placed particular emphasis on target 11 of sustainable cities and urged PEC and relevant stakeholders to give it top priority. The importance of access to clean water, wholesome food, inexpensive energy, and sustainable cities was stressed by Mr. Jawad Haider (UNESCO).

The implementation of UN SDGs by Pakistan as a state is mandated for 2030. PEC promises to embrace the UN-SDGs by 2025 as part of its regulatory obligations to advance the common good.

► PAPAAM, PEC LAUNCH SECOND PHASE OF INTERNSHIPS FOR FRESH ENGINEERS

Pakistan Association of Automotive Parts and Accessories Manufacturers (PAPAAM), in collaboration with the Pakistan Engineering Council (PEC), in the second phase of its endeavor to lower unemployment and promote engineering entrepreneurship in the country, has issued internship letters to hundreds of fresh Engineers from Sindh and Baluchistan. Both bodies of Pakistan have joined hands to launch this landmark national initiative on a regular basis. Chairman PAPAAM, Munir K Bana thanked PEC for their support and collaboration and proposed that this good work should be spread to other fields of training at a national level. PEC officials Engr. Mukhtiar Ali Shaikh (Vice Chairman Sindh), Engr. Dr. Niaz Ahmad Akhtar (Vice Chairman Punjab), Engr Dr. Nasir Mahmood Khan (Registrar PEC), Engr. Nasir Majeed (Vice Chairman Baluchistan), Dr. Zahoor Sarwar spoke on the occasion of a large audience, engineers, industrialists and academia.

Member Executive Committee (PAPAAM) Zain Shariq thanked the guests for their presence and assured them that this convergence of PAPAAM & PEC would continue in the years ahead.

► INTERNATIONAL DEFENCE EXHIBITION & SEMINAR, IDEAS 2022

Pakistan Engineering Council, exhibited at the 11th Edition of International Defense Exhibition and Seminar IDEAS 2022 at Karachi Expo Centre. PEC promoted local parts of manufacturer & local parts of industries. PEC also shared thoughts and ideas for the growth and the betterment of economic condition of Pakistan. The main purpose of PEC participation was to allow local manufacturers/assemblers that has developed technological innovation in Defence related parts & their products was showcased at International Expo with the Insignia PEC - MADE IN PAKISTAN. Delegations of Defence industries from different countries appreciated the efforts of Pakistan Engineering Council. PEC stall remained the center of attention all 4 days (15th-18th November) of exhibition. Government officials also visited PEC stall and appreciated the efforts. PEC officials Engr. Mukhtiar Ali Shaikh (Vice Chairman Sindh), Engr. Dr. Niaz Ahmad Akhtar (Vice Chairman Punjab), Engr Dr. Nasir Mahmood Khan (Registrar PEC), Members from PEC Governing Body, PEC staffs were there at the exhibition.

▶ LAUNCHING CEREMONY OF FINAL YEAR PROJECTS FINANCING

PEC Pakistan Development Committee one more project Final Year Design Project Financing award launching ceremony held in Multan on 24th November, 2022. Prof. Dr. Malik Akhtar Ali Karlou VC NFC-IET, Multan hosted the event. The Engineering universities of Southern Punjab appreciated the Worthy Chairman PEC Engr. Najeeb Haroon, Mir Masood Rashid convener PPDC, Engr. Prof. Dr. Niaz Ahmad Akhtar Vice Chairman PEC Punjab, GB members, Dr. Akhtar Malik Minister for health Punjab, Mr. Nadeem Saikh president Multan chamber of commerce to join this event.

Almost 50 HEIs from all over the Pakistan participated and 250 engineering design projects were approved and approval certificates were presented to the focal person of universities.

▶ MoU SIGNING CEREMONY FOR INTEGRATION WITH SECP

In order to process and dispose applications in minimum possible time, PEC has accomplished another milestone by signing MoU with Securities Exchange Commission of Pakistan (SECP), with facilitation of Board of Investment (BoI). The initiative will replace legacy verification from SECP through hard copy letters and automate the process over few clicks. Verification of company owners, ownership type is pivotal step in application processing, which takes cumbersome time in manual verification correspondence.

PEC IT department is always on front line and a driving force to bring digitization and paperless environment in PEC which is in accordance with vision of Engr. Muhammad Najeeb Haroon Chairman Pakistan Engineering Council.

► 2ND ENGINEERING CAPSTONE EXPO BALUCHISTAN

PEC Pakistan Development Committee PPDC Convener, Mir Masood Rashid and Vice Chairman Baluchistan Nasir Majeed held a press conference at the Quetta Press Club. The first Engineering Expo in Baluchistan under the framework of PEC Pakistan Development Committee (PPDC) Engineering Capstone Annual Series was held at BUIITEMS. Zmarak Khan Achakzai (Pakistani politician) who is the current Provincial Minister of Baluchistan for Agriculture and Cooperatives was the chief guest for this very first Expo.

In the first engineering expo, about 100 final year projects of students of three engineering universities of Baluchistan were exhibited. Ahmed Farooq Vice Chancellor BUIITEMS said it was an honor for his university to host the exhibition which showcased the projects of the students. Under the auspices of the Engineering Council, internship-on-the-job training will be given to fresh students, which will create employment opportunities in Baluchistan.

► MoU BETWEEN PEC AND PEDO

Pakhtunkhwa Energy Development Organization (PEDO) and Pakistan Engineering Council (PEC) have signed an agreement to start an internship programme for fresh graduate engineers. Chief Executive PEDO, Engr. Naeem Khan declared PEDO as mini-wapda and said that in a few years, PEDO would become the country's largest energy entity. Chairman PEC Engr. Muhammad Najeeb Haroon appreciated the internship programme for engineers and termed it as a big step towards the elimination of unemployment. MD PKHA Ahmed Nabi Sultan, Vice Chairman PEC Ejaz Ansari, ex-secretary C&W Engineer Zahid Arif and others also addressed the event. At the event, Director Admin& HR Idrees Khattak on behalf of PEDO and Engr. Nasir Khan on behalf of PEC signed the MoU.

► AoA BETWEEN PEC AND NTC

Agreement of Activities (Under OJT program) was signed on 22nd December, 2022 at PEC Headquarter Islamabad between Pakistan Engineering Council (PEC) National and Telecommunication Corporation (NTC) to start an internship programme for fresh graduate engineers. Chairman PEC Engr. Najeeb Haroon, Registrar PEC Engr. Muhammad Nasir Khan, Manager Director Mairaj Gul, General Manager Shakir Ullah Khan, Engr. Sardar Khan PEC-GB member and others also addressed the event. In this AoA, initially 30 Engineers will be engaged by NTC from the disciplines of Computer and Telecom engineering. Chairman PEC, Engr. Muhammad Najeeb Haroon and Managing Director Mairaj Gul appreciated this initiative for fresh graduates. At the event, NTC General Manager Shakir Ullah Khan and PEC Engineer Muhammad Nasir Khan signed the Agreement of Activities (AoA).

► 45TH GB OF PEC

The 45th Governing Body meeting was held on 15th December 27, 2022 at Peshawar. The meeting was commenced with the recitation of Holy Quran followed by national anthem. The honorable chairman PEC welcomed all the governing body members and highlighted the achievements of Pakistan Engineering Council over the past few years. The major agenda items, besides confirmation of minutes and progress thereafter, discussed and necessary decisions were taken during the meeting. The meeting ended with the vote of thanks to and by the Chair.

► 27th AGM OF PEC

The 27th Annual General Meeting of PEC was held on 16th Dec, 2022 in Peshawar with the purpose to analyze organizational strength, financial sustainability, deliberations and resolutions of major national issues pertaining to engineering education and profession. A large number of engineers participated besides engineering students of various universities. Engr. Ejaz Hussain Ansari (Convener AGM-2022) welcomed all engineers and delegates in the 27th AGM of PEC.

Registrar PEC, Engr. Dr. Nasir Mahmood Khan was grateful to the Chairman, Sr. Vice Chairman, Vice Chairmen, Members of Governing Body, AGM Steering Committee and engineers fellows on successful conduct of AGM-2022.

► CPD ACTIVITIES UNDER NEW DIMENSIONS

CPD is also taking its new shape under the on-going reforms with the guidance of PEC able leadership, to enable the engineers abreast with advancements in diverse knowledge and skills for better employment and explore avenues to become successful entrepreneurs in respective field. PEC has categorized the CPD activities under new dimensions which is focused on different areas for fresh, middle and senior level PEC registered engineers as tabulated below.

FOCUS	TARGET		
	FRESH	MIDDLE	SENIOR
	0-5 Years professional experience	6-15 Years professional experience	16 years and onwards professional experience
PERSONALITY DEVELOPMENT	<ul style="list-style-type: none"> ✓ Grooming ✓ Skills 	<ul style="list-style-type: none"> ✓ Preparation for Senior Role 	<ul style="list-style-type: none"> ✓ Technology Update ✓ Decision Making
PROFESSIONAL DEVELOPMENT	<ul style="list-style-type: none"> Development ✓ Attitude ✓ Team Player 	<ul style="list-style-type: none"> ✓ Leadership ✓ Analytics ✓ Project ✓ Management ✓ Finance 	<ul style="list-style-type: none"> ✓ Strategic Policy Making
