

## Contents of CPD Activities as per Projected Calendar-2023-24

### PAKISTAN ENGINEERING COUNCIL

#### Activity No.1 (as per CPD Calendar-2023-24)

<b>CPD Title:</b>	Toyota Production System
<b>Objectives:</b>	The main target of the Toyota Production is to eliminate 3 key issues: Overburden, Inconsistency, and Waste - or 'Muri', 'Mura' and 'Muda', respectively.
<b>Main Contents:</b>	Will be shared later.
<b>Target Participants:</b>	Fresh Graduates/People In the industry
<b>Duration:</b>	1 day

#### Activity No.2 (as per CPD Calendar-2023-24)

<b>CPD Title:</b>	Energy Management & Conservation
<b>Objectives:</b>	Few steps for the process of energy management: Collecting and analyzing continuous data. Identify optimizations in equipment schedules, set points and flow rates to improve energy efficiency.
<b>Main Contents:</b>	Will be shared later.
<b>Target Participants:</b>	Safety Personnel/Higher Management/General Public of the Manufacturing Industry
<b>Duration:</b>	1 day

#### Activity No.3 (as per CPD Calendar-2023-24)

<b>CPD Title:</b>	ISO 9001:2015 Awareness
<b>Objectives:</b>	Training on objectives of ISO 9001:2015
<b>Main Contents:</b>	Will be shared later.
<b>Target Participants:</b>	ISO MR/Quality Professionals
<b>Duration:</b>	1 day

#### Activity No.4 (as per CPD Calendar-2023-24)

<b>CPD Title:</b>	Industry 4.0
<b>Objectives:</b>	Cost Efficiency: Machine Monitoring solutions, predictive maintenance strategies, and other advanced operational technology will help manufacturers decrease downtime, increase throughput, and overall, reduce the cost of supplying quality parts.
<b>Main Contents:</b>	Will be shared later.
<b>Target Participants:</b>	ISO MR/HSE Professionals
<b>Duration:</b>	1 day
