## EXCITING ANNOUNCEMENT FROM PEC!

The Chairman PEC and its Governing Body are proud to announce the launch of its first ever desk at UET Lahore!

As part of PEC's loyalty branding initiative, this endeavour has been met with an overwhelmingly positive response from engineering universities nationwide. UET proudly takes the lead as the first of many HEI's to launch this initiative - reflecting their shared commitment to turn visionary projects into reality.

With **Pathway to Practice**, bringing registration directly to engineers' doorsteps and instilling a proud sense of ownership in fresh graduates, PEC marks the beginning of many transformative changes ahead.

With the inauguration ceremony taking place on Monday, 25th November 2024, heartfelt congratulations to the PEC Chairman, the Governing Body, Vice Chancellor & Faculty Members UET and everyone who played a role in achieving this remarkable milestone.

Together, let's pave the way for a brighter future in engineering across Pakistan.

**Stay connected for more exciting updates!**
