No. PEB-P-EPDCLHR-0187

Subject: Submission of CPD Calendar for the Year 2026

Dear Dr. Ashfaq Ahmad Sheikh,

Reference is made to your **letter No. PEC/PDU/2025/PEB/187 dated October 7, 2025**, wherein Pakistan Engineering Council (PEC) has requested all registered Professional Engineering Bodies (PEBs) to submit their planned Continuing Professional Development (CPD) calendar for the year 2026 by November 30, 2025, in compliance with PEC's regulatory mandate under the Pakistan Engineering Council Act, 1976, and associated bye-laws for capacity building, skill enhancement, and professional development of engineers.

In accordance with the aforesaid requirement, M/s Engineering Project Development Consultants (EPDC), registered as a PEB with PEC under Professional Development of Engineers Bye-Laws, 2008, hereby submits its Yearly Calendar of CPD Activities (Existing/Projected) for the year 2026. This calendar fulfills the mandatory obligation of conducting at least four (04) CPD courses annually for renewal of PEB registration, as stipulated in the bye-laws. All activities are designed to promote theoretical knowledge application to practical situations, professional ethics, innovative problem-solving, and mutual collaboration among engineers, while addressing current demands in sustainable development, digital tools, and industrial trends.

Details of CPD Program for 2026:

- **PEB Registration Number:** PEB-P-EPDCLHR-0187
- **Organizer:** Engineering Project Development Consultants (EPDC)
- **Fee Structure:** Free for all participants
- **Mode of Delivery:** Hybrid (Physical/Online)
- **Schedule Format:** Two consecutive half-day sessions each, held on Saturdays and Sundays from 3:00 PM to 5:00 PM Pakistan Standard Time (PKT)
- **Conductor/Facilitator:** Dr. Engr. Javed Yunas Uppal
- **Series Identifier:** 0187/C-STR4/25

1-A, Aibeck Block, Garden Town, Lahore - 54700 Pakistan.
 Tel : (92-42) 35838142 Fax : (92-42) 35838901

The planned CPD activities are as follows:

Sr. No.	Dates (2026)	Topic
1.	January 24-25	Condition Survey of Stressed Buildings
2.	March 21-22	Dispute Avoidance and Resolution in Construction
3.	May 23-24	Retrofitting of Building Structures
4.	July 25-26	Weather Resilience and Climate Adaptation of Buildings
5.	September 26-27	Public Safety at Work
6.	November 21-22	Structural Integrity and Forensic Audit Procedures

These activities will be conducted in strict adherence to PEC's guidelines on CPD, including provisions for hands-on exposure, ethical accountability, and professional pride. EPDC reserves the right to adjust dates or topics based on unforeseen circumstances, with prior intimation to PEC. We confirm that this submission meets the minimum requirement of four CPD courses and includes additional sessions to enhance engineer competency.

Should you require any further information, clarification, or modifications for formal approval and implementation, please feel free to contact us at the undersigned details.

Subject: SUBMISSION OF CPD CALENDAR FOR THE YEAR 2026

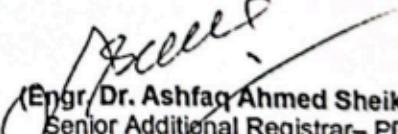

Pakistan Engineering Council being professional regulatory body, under its mandate is pursuing Continuing Professional Development (CPD) activities amongst its growing community of engineers for their capacity building and skills enhancement.

CPD frameworks (Continuing Professional Development) are evolving rapidly, especially for the engineers, as new technologies, sustainability demands, and digital tools are fast reshaping the industry. The main objective of Continuing Professional Development is to develop competence and ability of engineers for the application of theoretical knowledge to practical situations and to evolve innovative solutions to real life problems while adhering to professional ethics and acquisition of a broader understating of their obligations to the society.

Keeping in view of the aforementioned objectives, PEC emphasizes mutual collaboration and partnership with all its registered PEBs (Professional Engineering Bodies) to regularly organize/ schedule CPD activities and courses based on the current demands and emerging industrial trends. These CPD activities provide an opportunity of hands-on exposure to the Engineers while keeping abreast with their professional responsibilities. On a deeper level, it will contribute to professional pride and ethical accountability among the engineers.

Your esteemed organization is registered as PEB with PEC under Professional Development of Engineers Bye-laws, 2008. It is therefore requested to regularly plan and conduct CPD programs/ courses and thereby sharing regular returns to the Council. As per PEC policy, every PEB has to fulfill the requirement of atleast 04 CPD courses in each calendar year for renewal of their registration. For the coming year 2026, please plan and share your CPD Calendar upto 30th November 2025 for formal approval and thereby implementation. Please feel free to contact peb@pec.org.pk in case of any query.

Best Regards

(Engr. Dr. Ashfaq Ahmed Sheikh)
